

DIRECT CREMATION

Our package charges for direct cremation include basic services of the funeral director and staff, the local (within 10 miles) unassisted transfer of remains to the funeral home, the basic sheltering of the remains, the obtaining of necessary permits and authorizations, sanitary care and preparation of remains for identification and, local transportation to the crematory. This charge does not include the use of facilities and staff for any visitation or ceremony, public or private, prior to cremation, or any sheltering for days on which no post-death activities occur. Nor does it include the actual cost of the cremation process, which is a crematory charge, or any other cash disbursements, or anything not expressly stated as being provided.

If you want to arrange a direct cremation, you can use an alternative container. Alternative containers encase the body and can be made of materials like fiberboard or composition materials (with or without an outside covering). The containers we provide are made of corrugated material.
